TRAIN of the FUTURE + RAILWAY PARK – 2 days (overnight in Nagoya)

Japan is one of the world's leading countries in railway network and technology.

If you are a train enthusiast don't miss our full-day excursion to "SCMAGLEV and Railway Park", the largest Railway Museum in Japan with a collection of 39 life size historical trains, the biggest diorama in Japan, and state-of-the-art driving simulators, followed by an exciting visit to the Linear Express Test Center in Yamanashi where you can actually watch the "Train of the Future", the MLX01-2 , which recently marked a record speed of 581 km. / 363 mi. per hour !
